The reason home ground meal is giving such satisfaction to all who have tried it is corn is classified into four reductions, viz.: Corn starch, corn flour, bolted meal, and bran. Corn starch and corn flour is the nutritious part of the grain which is extracted. Bolted meal is the flint part. Home ground meal you get it all and get it fresh. We make our own chops from best shelled corn in car lots. The advantage in freshness and purity is obvious without further comment.

Bring your corn and have it ground into chops or meal, and let me sell you feed stuff.

POWERS AND HOWARD.

Kentucky Executive Sets Both Men Free.

STATEMENT OF WILLSON.

Declares He Has Acted Wholly With a Desire to Do Right, Regardless of Criticism or Praise and Impelled by Sense of Duty.

Frankfort, Ky., June 13.—Caleb Powers and James B. Howard, who were convicted of complicity in the assassination of Governor Goebel, pardoned by Governor Willson, Saturday morning. Powers was tried four times, the last trial resulting in a disagreement.

In the taking of this action Governor Willson said: "Application had been made to the governor for the pardon of Caleb Powers, who stands charged by indictment found in the Franklin circuit court and afterward transferred on change of venue to Scott circuit court, with the crime of being accessory before the fact to the wilful murder of William Goebel. The application was supported by petitions recommending the pardon of the accused, signed by nearly 500,000 persons, some 240,000 Kentuckians, and a large proportion of Democrats. "It is not likely at any time during

CALEB POWERS.

my term of office I will be called upon to decide matters of graver importance than those presented by the application for the pardon of Caleb Powers and James B. Howard. I have given to their consideration the most careful, conscientious and thorough investigation and thought in my power. I realize that whatever my decision may be it will be harshly criticised. For more than eight years this group of cases held the attention of the whole state and, indeed, the whole country, as no cases in this state ever did before."

"I have done all my strength has been given me to do to consider the cases regardless of my personal wishes, sympathies or first impressions, and wholly in the light of the truth and right, and while no one could be glad to have such a responsibility placed upon him, I neither seek to avoid criticism nor win praise in making my decision."

"I carry no burden of regret that the duty fall to my lot, but I am thankful it came to pass I should be the instrument of justice and mercy. God has given me to see my duty and know right, and my faith is unshaken that he in whom I trusted will lead me to a right and just decision also revealed the truth to all that good may come of it, peace from strife and contention, good will and neighborly feeling and an end to these troubles."

Powers was released from jail at Georgetown at 10 o'clock and went at once to a hotel.

Howard was also released from the penitentiary at Frankfort at an early hour.

Given Maximum Sentence.

New Orleans, June 13.—In the first city criminal court former Police Inspector Whitaker was given the maximum sentence on the charge of assault with a dangerous weapon. Whitaker was recently found guilty of this charge, and Judge Baker fixed the penalty at three months in the parish prison and a fine of \$100, two months additional to be served if the fine is not paid.

WILL MOVE TO NIXON.

Mr. W. H. Seidler, who has been in charge of the Cole Hardware Co. tin shop the past four years, has purchased a tin shop at Nixon, Gonzales county, and will move to that place later in the month, his place here being supplied with a first class workman. Mr. and Mrs. Seidler have many friends in this city, and their removal from Bryan will be generally regretted.

BRYAN, TEXAS, JUNE 14, 1908.

The Republican party has been false to its trust, but faithful to the trusts.

Among the chapparral and cactus of Southwest Texas snake catching is a bonanza; but there is no rush.

The sixtieth congress left a big pile of bills not acted on, but its biggest monument is the hole it made in the national treasury.

The floods are the most effective reducers of the cotton acreage. Those of the Mississippi and its southern tributaries are doing it now.

With nine kinds of currency in circulation, it looks like everybody ought to have money. If you haven't your share, get out and hustle for it.

If the Lusitania and Mauretania keep on breaking their own and each other's records, there will be no need of airships to cross the Atlantic.

Texas has passed through its baptism of flood and is ready to give the right-hand of fellowship in suffering to Oklahoma, Kansas, Missouri and Arkansas.

When Wm. J. Bryan's school boy son heard of his father's defeat in 1904, he exclaimed: "Who wants to go to Washington anyhow? I'd rather stay here in Lincoln with the bunch." He is four years older now, and can apply his philosophy to reconciling himself to spending the next four years in Washington.

SITUATION SUMMED UP.

The special correspondent of the Houston Chronicle summed up the situation at College at the time the board adjourned until Wednesday, as follows:

"The situation was left with the opponents of President Harrington concentrating their efforts in an endeavor to show that he is held in disrespect by the students; that his continuance in office will work to the detriment of the school, and that another year, unless conditions change, A. & M. will be a college without a student body. The friends of President Harrington are engaged in an effort to show that he is the victim of a conspiracy entered into on the part of members of the faculty and carried out in detail by the students, spurred on by their hatred of their chief."

The fire losses in the United States have averaged \$1,000,000 a day during the present year. This reminds us that Bryan is not as well protected against fire as it ought to be in the matter of equipment.

Over a third of the delegates to the Chicago convention are federal officeholders. At least two-thirds of the other two-thirds are federal office-seekers, and this is why they are shriekers.

The monopolists are telling the people in honeyed tones mellifluously bland to "turn Texas loose"—so the cotton bears, the stock gambling bears and the railroad bears can catch her and eat her up.

The newspapers are still discussing the defeat of Hoke Smith in Georgia, and the lessons drawn from it are almost as numerous as the writers, each explaining it according to his taste and fancy. The Eagle adheres to its opinion that the posthumous popularity of the successful candidate's father, Joseph E. Bown, the war governor, supreme court judge, and United States senator, was the trump card that took the trick.

The refusal or failure of the Commercial Secretaries to indicate what laws they wish to have repealed, what laws amended, and what new laws enacted, naturally excites suspicion. In this connection, it is well for all good citizens to heed the advice of the Co-operator and Farm Journal to the members of the Farmers' Union: "No movement for the good of the country is ever obscured and concealed. Watch any movement that does not openly avow its purposes. Draw out all candidates in all parties as to their position on vital questions. Wake up!"

J. W. Massey of Kurten was in the city yesterday.

CHICAGO READY FOR REPUBLICANS.

Chicago, Ill., June 13.—Practically every detail has been arranged and the finishing touches are being made to the Coliseum for what promises to be the most perfect of national conventions, as far as environment is concerned.

The arrangements make every seat in the big building desirable. The seating capacity is about 10,000 in round numbers, and of the 10,000 seats one thousand will be occupied by the delegates, and the same number will be used by alternates. The delegates and alternates will be in the central body of the hall. Nearly 500 seats surrounding the speakers' platform will be allotted to working newspaper men. A hundred or more distinguished guests and officers of the convention will be accommodated on the platform.

The remaining seats on the main floor and those in the mezzanine boxes and galleries will be for the general public—or that portion of it fortunate enough to get tickets, which will be divided between the national committeemen and the local convention committee.

Tuesday will be taken up wholly with the opening formalities, the preliminary speeches and the work of organization. The convention will be called to order promptly at the noon hour by Harry E. New of Indiana, chairman of the national committee.

The prayer on the opening day will be made by Bishop P. J. Mudon. Secretary Elmer Dover will read the official call for the convention, and Senator Julius C. Burrows of Michigan will then be introduced as temporary chairman. Senator Burrows will then proceed to sound the "keynote."

KAUFMAN CASE COMES UP.

Sioux Falls, S. D., June 11.—The appeal in the case of Mrs. Emma Kaufman came up for hearing in the supreme court today. Mrs. Kaufmann, who is the wife of a wealthy brewer, and one of the pioneer residents of this city, was convicted and sentenced to prison more than a year ago on the charge of having killed Agnes Polreis, a 16-year-old girl employed as a servant in the Kaufmann household.

The girl died in a local hospital on June 1, 1906. Reports which came to the ears of the authorities led to the body being taken up after burial and an examination showed, it is alleged, that the girl had died from severe beating. Statements made by some of the girl's fellow-servants and by neighbors resulted in a charge of murder being brought against Mrs. Kaufmann. Witnesses testified at the trial that Mrs. Kaufmann had frequently beaten the girl in a most merciless manner and that on one occasion she had thrown boiling water over her. Physicians testified that the girl's death was in all probability due to the ill treatment she had received at the hands of her mistress. The plea of the defense at the trial was one of insanity.

FOR CONSTABLE PRECINCT NO. 1.

The Eagle is authorized to announce Mr. Chas. H. Vance, Jr., as a candidate for constable of Millican, Precinct No. 1, subject to the action of the Democratic primaries in July. Mr. Vance was born and raised in that community, and is well known to the voters whose support he seeks. He has had some experience as an officer, and is well qualified for the discharge of the duties of the office. His name is presented by the Eagle with pleasure.

CHICAGO THROGGED.

Delegates and Visitors Pour In For Convention.

Chicago, June 13.—Republican delegations arrived Saturday from several of the most important states accompanied by bands and bearing flags and favorite-son banners, giving to Chicago picturesque touches of color and noisy enthusiasm that are an essential part of every national political gathering. Delegations were from New York, Pennsylvania and Ohio. The confident enthusiasm of the Ohio delegation was no greater than the demonstrative loyalty of the Pennsylvanians. Most of the Pennsylvanians arrived from the Pittsburgh district and members of clubs organized in the interest of Senator Knox, whose headquarters are crowded with supporters from home.

The Ohio visitors are naturally in the happiest frame of mind and confident in their expressed belief that nothing can now prevent the nomination of Secretary Taft on the first ballot.

The arrival of the New York delegation on a special train was awaited with special interest. The declarations by Governor Hughes that under no circumstances would he accept the nomination for the vice presidency and his position with regard to the presidency remained the same in that the delegates are responsible to their constituents and to him, and had to effect of focusing particular attention upon the New York delegation, especially with reference to the attitude to be taken with regard to the vice presidency.

The Pennsylvania delegation has been provided with quite sumptuous headquarters at a hotel and in the Fine Arts building, seats in the auditorium having been removed to make way for the adherents of Senator Knox, who are prepared to carry on a vigorous campaign. The determination of the allies to "carry on the fight all along the line" is sustaining interest in the plans of various state delegations that are bound by instructions for one or another candidate other than Mr. Taft.

It has been decided that Joseph Cotton of Duluth, Minn., will place Frank B. Kellogg in nomination for the vice presidency and Mr. Kellogg's friends are actively engaged doing all things possible to promote his candidacy. One of the arguments which they are most vigorously pressing is Governor Johnson may be given the second place on the Democratic ticket, and they say if this be done the result in Minnesota will become uncertain.

REMARKABLE FISH STORY

As Bishop Is Its Author It Must Be a True Tale.

Chicago, June 13.—It was a fish story, but it must be true, for it was told by Bishop F. W. Oldham at a "rally of Chicago Methodism" held at the Grace Methodist Episcopal church. Three other bishops were present.

Bishop Oldham comes from the Malay archipelago in the Indian ocean and he has been attending the Methodist conference at Baltimore. He was asked by the Chicago Methodist Social union, which held the rally, to deliver an address.

"Just to let you know about the social conditions in the islands, I'll tell you how people enjoy life there," he said. "They build their houses as close to the seashore or rivers as possible, and when they wake up in the morning they just prop up a window, stick out a fishing pole and catch a number of fish for their breakfast without even getting out of bed. Now that is the truth."

Bishop Oldham then told how in the last quarter of a century the church schools in the island had increased from an enrollment of 13 to over 14,000. He said he hoped the Methodist church soon would establish a college there.

Whitehead Torpedo Tested.

Fortress Monroe, Va., June 13.—In Hampton Roads the monitor Florida, fortified with a water tight bulkhead especially constructed and designed to represent actual war conditions, was fired into with an American whitehead torpedo. The torpedo was fired at the Florida's water tight bulkhead compartment from a distance approximately of 400 feet in an almost horizontal line, it being started from a float especially prepared for the occasion. The torpedo hit the exact spot which it intended to strike. This test was made at Pine Beach, off the Jomestown exposition grounds, in about fifteen feet of water, the Florida drawing about thirteen and a half feet. Two hundred and twenty pounds of gun cotton comprised the explosive charge carried by the torpedo. Gun cotton is a powerful explosive but the hope of officials was the damage it might do may be absorbed locally, thus insuring practical stability for the remainder of the vessel's water tight compartment.

The trial of the monitor Florida was satisfactory. The vessel was seriously but not vitally damaged, and the injury done is said to be largely localized. Further tests are unnecessary.

Woman Baseball Scorer.

Little Rock, June 13.—Mrs. Lee Dawkins, formerly Miss White, of Pine Bluff, was appointed official scorer at Brinkley, in the Arkansas baseball league. She has been a great baseball fan, and married Lee Dawkins while he was with the Pine Bluff team four years ago. Mrs. Dawkins is probably the only woman official scorer in southern baseball.

Attempts to Hang Himself.

Lexington, Ky., June 13.—Lewis Kinney, a tobacco farmer, attempted to hang himself. He was cut down just in time.

Large Corn Receipts.

St. Louis, June 13.—Corn receipts Friday were 105,000 bushels.

SOCIAL AND CLUB MATTERS.

Mr. and Mrs. G. S. Parker entertained one hundred and fifty guests most royally on Friday evening with a watermelon party at the Fin-Feather Club house in honor of their guests, Mrs. R. E. L. Knight, Miss Mary Watts Knight, Mr. Tom A. Knight of Dallas. The gallery and lawn surrounding the club house were brilliantly lighted with Japanese lanterns. Bowls of flowers, potted ferns and palms, together with comfortable settees and chairs, made the scene quite beautiful. An informal dance was indulged in by some of the guests. Miss Mary Watts Knight of Dallas and Mr. Roy Buchanan led the grand march. Most excellent music was furnished by Thayer's orchestra of Houston. Rowing on the beautiful lake by moonlight was greatly enjoyed, while many found pleasure in playing forty-two. Ice cold watermelons were served at an appropriate time.

Mrs. J. H. Allen, assisted by her charming daughter, Miss Sarah Allen, was at home to the West End Club, and other friends on Friday afternoon at 4 o'clock, and the result was a most beautiful entertainment and a most delightful time. Mrs. Allen and Miss Sarah greeted the guests in the front hall, while in the rear hall Mrs. R. O. Allen and Mrs. W. S. Wilson received the guests and ushered them to the beautifully decorated punch bowl, where Misses Fannie Allen and Martha Rivers Allen served delicious fruit punch. Tables were arranged in the large cool dining room for the game of forty-two. Misses May and Alice Burtis and Mr. Paul Raysor received the guests in this room. This beautiful party might be termed a butterfly party, for the curtains, flowers and walls were aglow with them, while the score cards were large butterfly-fliers of all shades. The flowers were prettily displayed throughout the reception rooms. Pineapple cream and cake was bountifully served. The club meets on next Friday afternoon at 4:30 with Mrs. Malcolm Carnes.

ST. ANTHONY'S DAY.

Yesterday was the day in the church calendar consecrated to the memory of Saint Antony of Thebes, surnamed Saint Antony the Great, the founder of monachism and one of the most distinguished fathers of the church in the third century. Being the patron saint of the church named in honor of him, the day was celebrated by the Italian Catholics of Bryan with much solemnity.

The celebration began Friday evening with vespers and low mass at St. Anthony's church, music being furnished by the Bohemian Club band. Yesterday at 8 a. m. low mass was again celebrated.

At 10:30 a. m., solemn high mass was chanted, the celebrant being Rev. Father Wilhelm of Plantersville, assisted by Rev. Father Gleissner of St. Joseph's, deacon, and Rev. Father De Simoni of St. Anthony's, sub-deacon. After mass, a sermon appropriate to the occasion was preached by Rev. Father De Simoni.

At 1:30 p. m., a procession was formed at St. Anthony's, led by the Society of St. Anthony, and the Soladity of the Blessed Virgin Mary. Keeping step to music discoursed by the band, and carrying banners, a large silver cross, and the image of St. Anthony.

the procession marched through the streets lined with hundreds of spectators assembled to witness the pageant.

When the procession arrived at St. Joseph's church, beautiful music was rendered by the choir, led by Miss Lilly White, organist; Miss Lena White, soprano; Mr. J. D. Ganter, tenor, and Mr. P. Ruchti, violinist. The Benediction of the Blessed Sacrament was chanted by Rev. Father De Simoni, assisted by Rev. Father Gleissner. After this service, the procession was reformed and marched back to St. Anthony's church, where Father Gleissner dismissed the assembly with a few words of admonition, pointing to St. Anthony, not only as their patron, but as a noble exemplar of purity of heart and unselfish devotion of God's service.

The statement also shows total cash on hand and due from other banks to be \$10,213,690, which is over \$5,000,000 more than the state banking law requires, and over \$7,000,000 more than required by national bank laws. She offered to get a rope if the people would hang him then and there.
